Special Edition: Election News

On July 9, 2012, members of AFT 6049 Oklahoma gathered in Will Rogers High School auditorium to witness the results of your Officer and Executive Board elections. At 7:00pm, the ballots had been counted, the results had been tallied, and the winners were announced. Everyone held their breath as the Elections Committee revealed that Ed McIntosh, longtime union member and TPS employee, had been elected President of AFT 6049 Oklahoma. "I was relieved it was over," Ed laughed when asked about the campaign, "and happy I had won." When asked about his feelings regarding the future of his term, he stated, "I look forward to working with our members, but our work has just begun. We need help and support from our members more than ever." Optimistic about the future of AFT 6049 Oklahoma, all Officers and Executive Board members are excited about the election campaign ending and their new duties as Officers beginning.
